

Thank you for your interest in Lamphere's free 4 year old preschool, the Great Start Readiness Program. The focus of GSRP is to prepare children to make the most out of their time in school and to give parents the opportunity to actively encourage their children in the academic arena. Our GSRP uses the High Scope curriculum to help children develop a strong interest in learning. Sparking an active interest in their own education at an early age serves children well in their future school careers.
